Attorney Karam,
 After I left the deposition the other day I spent a great deal of time reflecting on the questions that you had asked. That being if there were any other documents that I authored. I answered truthfully and to the best of my knowledge at the time, but I felt compelled to verify the statements due to the fact that it has been over three years and also had the additional concern that you may not have received everything. Not knowing what other documents you had in front of you or what had been supplied to you I didn't want to be a part of a lie or coverout if that is occurring. Going through the emails to insure accuracy I'm providing the original email with the attachments sent to CCAP and the same was sent to Attorney Hailstone later that year which contained 4 attachments that I authored.
